

Class: Third Year (Computer Science and Engineering)

Year: 2021-22

Semester: 1

Course: Programming Lab-3 (5CS352)

END SEMESTER EXAMINATION - 2021-22

Exam Seat No:

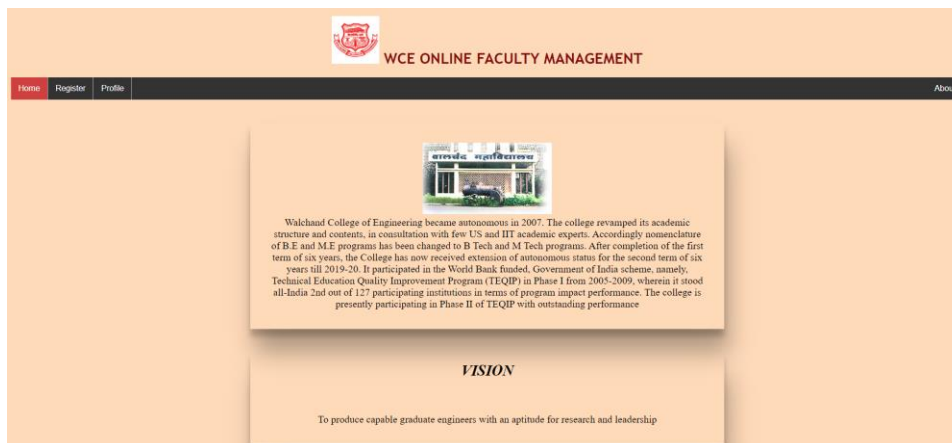

2019BTECS00063 – Sameer Krishnarao Dhote

Problem Statement 1:

Design a website for Online Faculty Management with following objectives:\r\n Home Page showing College details and images\r\n User Registration – Full Name, Mobile Number, ID Proof, Address, user id, department, qualification, password\r\n User Login – To upload achievements such as project done, conferences attended and organized, MOOCs done, etc.\r\n Every page should be responsive\r\n Provide all validations\r\n Use styles to make it attractive\r\n Link all pages using navigation bar\r\n Use appropriate HTML elements and CSS properties\r\n Host website on any free web hosting service and upload the source code GitHub public repository

Details/Comparison/Observations:

Screenshot 1:

Information 1:

This is Homepage.

Screenshot 2:

The screenshot shows a web application titled "WCE ONLINE FACULTY MANAGEMENT". It features a navigation bar with links for Home, Register, Profile, and About. The main content area is titled "Create Your Account" and contains a registration form with the following fields: Enter Name, Mobile Number, User Id, Address, Department, Enter Password, and Enter Confirm Password. At the bottom of the form are two buttons: "Clear Form" and "Create Account".

Information 2:

This is registration page.
